Beijing University of Technology, Beijing, China

*Essential Skills: Programming in C, Java, C++, **HTML, JavaScript, CSS**, Cisco Networking, etc.*

Personal Attributes

❖ Self-learning Ability

I am an excellent self-learner. I can learn practical coding skills by myself. I utilize online resources very well, and I always enjoy learning and making progress.

❖ Creativity and Open-mind

As a creative individual, I always have strong interests in UI design, UX, and audio editing. I tend to think differently and focus on details. I always have a passion for learning from more experienced people.

❖ Hard-working and able to work under pressure

While at university, I once undertook six subjects in a semester. While during my internship at Netstripes, I always work one extra hour for my placement company.

❖ Perfectionist

I enjoy spending my time on coding website projects until I feel fully satisfied, and I highly enjoy my efforts been recognized.
